Bastide Entrecasteaux

Just five minutes from the picturesque village of Entrecasteaux—renowned for its majestic château and French-style gardens—this stunning early 20th-century property enjoys a commanding position and offers panoramic views of rare beauty. A former silkworm farm of 361 m² facing south, this characterful country house has retained all the authenticity of its heritage: exposed wooden beams, traditional Salernes tiles, generous volumes and a warm atmosphere worthy of a film set. Nestled in a green setting, the property boasts an exceptional 100 m² terrace - a true open-air observatory overlooking a typically Provençal landscape, between olive groves accessible on foot and rolling hills with changing colors. The interior features a spacious living room with a period fireplace, an elegant master suite, and a 35 m² contemporary kitchen bathed in natural light thanks to a glass roof opening onto the surrounding nature. The first floor offers four bedrooms with private bathrooms, each with independent access—an ideal layout for a charming guesthouse. The second floor houses four additional bedrooms and a large attic space that could be used as a dormitory or games room. Outside, a 14-meter lap pool provides the perfect setting for relaxing throughout summer days, in an environment designed for well-being and serenity. Additional amenities include two spacious garages, parking for five vehicles, and an automatic gate. Perfectly suited to a large family or a high-end hospitality project, this unique property
